Dear Sir or Madam:

Enclosed is a notice of the preliminary estimate of the permanent population of your area as of **April 1, 2018**. This estimate was produced by our office under contractual agreement with the Florida Legislature, and it is one factor used in determining the distribution of state revenue-sharing funds (Section 186.901, Florida Statutes, Revenue Sharing Act, 1972). We ask that you evaluate this estimate carefully and make the appropriate response on the enclosed form. To confirm receipt of this estimate, please complete the enclosed form and return it in either the postage-paid envelope, via email or fax. If future correspondence to your office should be directed toward a different person or address than the one listed, please indicate that change on the form.

You have the right to challenge the preliminary estimate if you believe it is not reasonably accurate. You may do so by providing an alternative estimate, along with any supporting documentation or information you may have. This challenge must be received in our office by **September 10, 2018**. We will review your challenge thoroughly and objectively, and we will notify you regarding our response to your challenge.

Thank you very much; your assistance in this matter is greatly appreciated. If you have any questions regarding the preliminary estimate or the challenge process, please contact me.

Sincerely,

A handwritten signature in cursive script that reads 'Richard L. Doty'.

Have You Had an Annexation Lately? If So, Your Population Estimate Needs Your Help

Your population estimate is important because it determines the amount of state and federal dollars that your community receives. It is essential that the state knows of your annexation in order to incorporate that area's population into your estimate.

Where to Report:

Report your annexation to the Florida Governor's Office and the Legislative Office of Economic and Demographic Research in order to ensure that the University of Florida knows that you had an annexation and that you qualify for all benefits available under the law.

Report to:

Clyde Diao
Executive Office of the Governor

What to Send:

- Annexation ordinance including:
 - Ordinance number
 - Legal description
 - Map with acreage denoted
 - Annexed land area (acres)
 - Effective date of the annexation
- Number of housing units by type of unit (single-family, multifamily, or mobile home) at the time of annexation

Population estimates depend upon the number of active residential electric meters in your area. So, please remember to **let your electric utility company(ies) know of the annexation**. In this way, the data that drive your population estimate will correctly reflect your current boundaries, both today and in the future.

Statutory Authority:

FS186.901(3): In cases of annexation or consolidation, local governments shall be required to submit to the Executive Office of the Governor, within 30 days following annexation or consolidation, a statement as to the population census effect of the action.

FS171.091: **Recording**.--Any change in the municipal boundaries through annexation or contraction shall revise the charter boundary article and shall be filed as a revision of the charter with the Department of State within 30 days. A copy of such revision must be submitted to the Office of Economic and Demographic Research along with a statement specifying the population census effect and the affected land area.

In addition to the above, please remember to file your annexation in accordance with Florida Statutes 171.044(3): An ordinance adopted under this section shall be filed with the clerk of the circuit court and the chief administrative officer of the county in which the municipality is located and with the Department of State within 7 days after the adoption of such ordinance. The ordinance must include a map which clearly shows the annexed area and a complete legal description of that area by metes and bounds.
