Unknown	39	0.09%
Asian	5	0.01%
Native American	2	0.005%

Bias-Based complaints from the public:

For the year 2017, there were only two (2) external complaints on Department members and one (1) of those with a bias-based overtone. I attempted to investigate the incident where bias-based policing was alleged; however the complainant refused to speak with me about the incident. The complainant in this incident was not to be credible and the attendant investigation cleared unfounded. A hard copy of this investigation is available and the incident input into I A Pro under EC2017-002.
